Carequality Monthly Information Call

August 31, 2017

Agenda

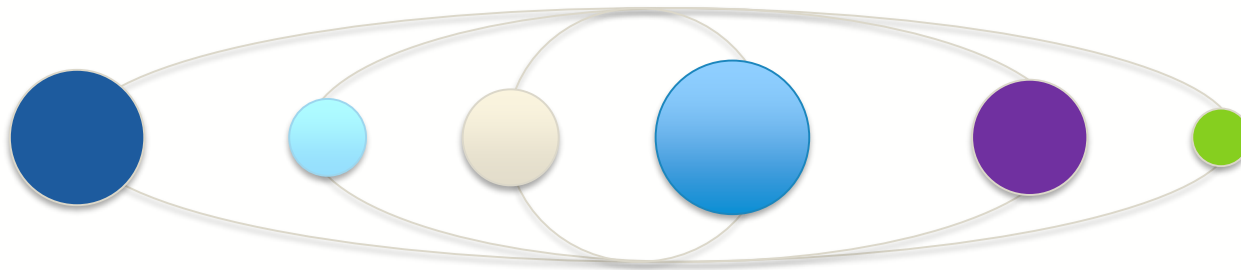

- Carequality Intro
- Participation Opportunities
- Update: On-line Live Sites List
- Production Operations Update
- Project Updates
- Your Questions

Carequality Overview

The Situation

Communities of data sharing partners have formed, brought together by specific needs.

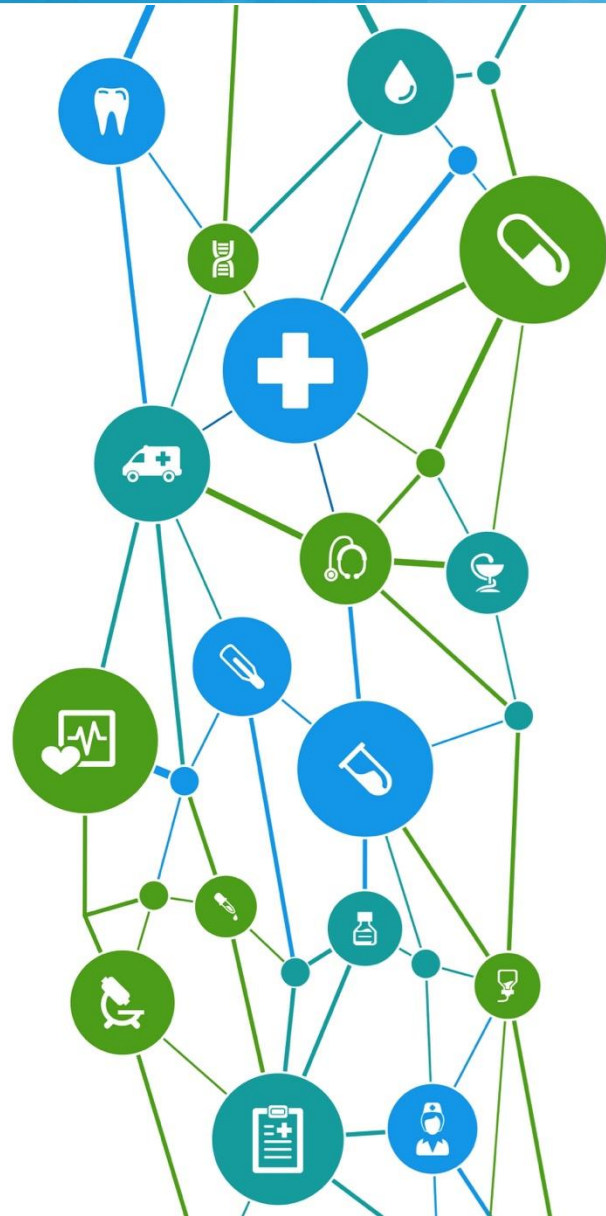

Some are geographically based, but many other types of data sharing communities also exist.

The Solution

Carequality creates a standardized, national-level interoperability framework to link all data sharing networks

Carequality is creating a web of interconnected communities

The Power of Connecting Communities

*How do you get nationwide connectivity?
Clinic by clinic, hospital by hospital?*

Data sharing networks have already connected many participants. The connections grow exponentially by connecting these user communities to one another, as groups.

➔ If you connect six clinics, you might reach a few dozen physicians.

➔ If you connect six networks, you can reach thousands of physicians.

Carequality Framework

- The Carequality Framework includes a number of elements:
 - Carequality Connected Agreement
 - Carequality Connection Terms
 - Dispute Resolution Process
 - Technical Trust Policy
 - Query-Based Document Exchange Implementation Guide
- Documents are available for reference on the Carequality Wikispaces and our public website:
<http://carequality.wikispaces.com/Carequality+Framework>
<http://sequoiaproject.org/carequality/resources/>

Carequality Members

Participation Opportunities

SAVE THE DATE!

2017 Annual Member Meeting

The Sequoia Project, Carequality, eHealth Exchange & RSNA Image Share Validation

- December 5th & 6th
- Gaylord National Harbor, MD
(Outside Washington, DC)
- Room Reservations Open Now:
<https://aws.passkey.com/go/593c9494>

You won't want to miss
this opportunity to
connect with peers and
data exchange partners!

Registration is now open! Carequality Implementers and Members [can register at The Sequoia Project website](#)

Steering Committee

- Thanks to all who applied for the Steering Committee!
- There was a lot of interest and the Nominating Committee is completing its difficult job of proposing a final slate of proposed applicants
- The Steering Committee is expected to approve the slate at its meeting next week
- We will be in touch with all applicants as soon as possible after the composition is approved

Coming Soon...Advisory Council Applications

- As the Steering Committee's application process closes, the Advisory Council's begins!
- Look for the Advisory Council application process to open in late September
- More details to come at the September monthly information call

eClinicalWorks

Service Providers

PHRs

In Production:

Estimated 2.5 – 3 million clinical documents exchanged

Project Updates

Ongoing Project Updates

- **Patient Authorization and Access Policies:** A final round of review by Implementers and the Advisory Council is underway.
 - [You can access the proposed IG changes on our Wikispaces page](#)
- **Document Content:** The group has reached several recommendation conclusions and will be reporting out to the Steering Committee soon
 - Remember, you can join the conversation on the workgroup's Slack form. Contact admin@carequality.org for more info.
- **Patient Request Queries:** The group is in the process of confirming a recommendation for the Steering Committee, and is likely to shift focus a bit into encouraging and supporting exploratory early adopter use

Your Questions

Thank You!
