Carequality Monthly Information Call

September 28, 2017

Agenda

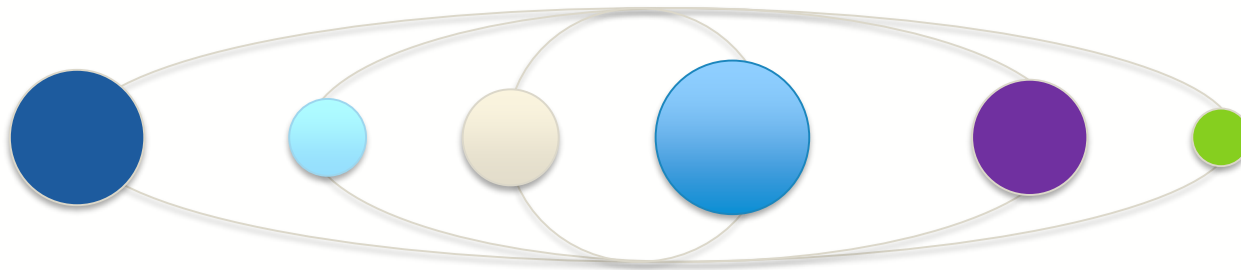

- Carequality Intro
- Participation Opportunities
- Steering Committee Update
- Production Operations Update
- Project Updates
- Your Questions

Carequality Overview

The Situation

Communities of data sharing partners have formed, brought together by specific needs.

Some are geographically based, but many other types of data sharing communities also exist.

The Solution

Carequality creates a standardized, national-level interoperability framework to link all data sharing networks

Carequality is creating a web of interconnected communities

The Power of Connecting Communities

*How do you get nationwide connectivity?
Clinic by clinic, hospital by hospital?*

Data sharing networks have already connected many participants. The connections grow exponentially by connecting these user communities to one another, as groups.

➔ If you connect six clinics, you might reach a few dozen physicians.

➔ If you connect six networks, you can reach thousands of physicians.

Carequality Framework

- The Carequality Framework includes a number of elements:
 - Carequality Connected Agreement
 - Carequality Connection Terms
 - Dispute Resolution Process
 - Technical Trust Policy
 - Query-Based Document Exchange Implementation Guide
- Documents are available for reference on the Carequality Wikispaces and our public website:

<http://carequality.wikispaces.com/Carequality+Framework>

<http://sequoiaproject.org/carequality/resources/>

Carequality Members

Participation Opportunities

SAVE THE DATE!

2017 Annual Member Meeting

The Sequoia Project, Carequality, eHealth Exchange & RSNA Image Share Validation

- December 5th & 6th
- Gaylord National Harbor, MD
(Outside Washington, DC)
- Room Reservations Open Now:
<https://aws.passkey.com/go/593c9494>

You won't want to miss
this opportunity to
connect with peers and
data exchange partners!

Registration is now open! Carequality Implementers and Members [can register at The Sequoia Project website](#)

Advisory Council

- The 2017 Carequality Steering Committee application process is open!
- You can access the application on-line **through midnight PDT on Monday, October 23rd.**
- Application link:
<https://www.cognitoforms.com/TheSequoiaProject1/2017AdvisoryCouncilApplication>
- There are about 12-14 seats that will be filled this fall, for 2 year terms.
- Learn more details at: <http://sequoiaproject.org/carequality-blog/advisory-council-now-accepting-applications/>

Steering Committee

Congratulations!

- The following individuals have been appointed for new terms on the Carequality Steering Committee!
 - Bill Beighe, Santa Cruz HIE
 - Michael Hodgkins, AMA
 - Leslie Kelly-Hall, Healthwise
 - Rob Klootwyk, Epic
 - Mark Segal, GE Healthcare
 - Aaron Seib, NATE
 - Ryan Stewart, Dignity Health
 - Kitt Winter, SSA

Production Operations Update

Current Carequality Connected Agreement Signees

HIEs and HINs

Technology Vendors

Service Providers

PHRs

In Production:

Estimated 4 million clinical documents exchanged

Project Updates

Ongoing Project Updates

- **Patient Authorization and Access Policies:**
 - A final round of review by Implementers and the Advisory Council is underway.
 - Several additional issues not directly related to the Patient Authorization policy work are also being considered
 - [You can access the proposed IG changes on our Wikispaces page](#)
- **Document Content:** The group has reached several recommendation conclusions and will be reporting out to the Steering Committee soon
 - Remember, you can join the conversation on the workgroup's Slack form. Contact admin@carequality.org for more info.
- **Patient Request Queries:**
 - The full group is in a hiatus, as we focus on initial background work with a small set of potential early adopter sites.
 - These sites will work with Carequality and their implementers to identify specific barriers to accepting patient request queries
 - These barriers will be individually addressed (or acknowledged as showstoppers for now), with the larger group getting involved as needed to help address “external” barriers

Your Questions

Thank You!
