

Carequality Monthly Information Call

June 27, 2019

Agenda

- Participation Opportunity – Steering Committee
- RCE and TEFCA
- Workgroup Updates
 - FHIR Policy and Technical Specifications Workgroup
 - Implementation Guide Updates Workgroup
 - Push Notifications
- Production Operations Update
- Your Questions

Participation Opportunity

Steering Committee Application Process

- Seven Steering Committee members have terms ending in September
- We expect the application process for these seats to open in July
- Consider whether you or someone from your organization would like to apply
- Stay tuned for more information and a link to the online application

TEFCA and RCE

Carequality, Sequoia Project, and RCE Application

- Carequality plays an important role in the joint Sequoia-Carequality-RTI-Gravely Group application for the RCE cooperative agreement
- Specifically, Carequality is slated to provide the operational support for QHIN application and designation processes, and exchange activities
- This activity will be overseen from a budgetary and strategic standpoint by the Carequality Board
- The RCE Strategic Planning Committee – a joint effort of the Sequoia and Carequality Boards – has provided clear guidance that Carequality’s existing operations must be protected and must continue
- Over time, as the future of the TEF ecosystem clarifies, we will determine the appropriate strategic path re: convergence (or not) of Carequality Framework exchange with TEF ecosystem exchange

Workgroup Updates

Technical Workgroup Update

- Continues to take lessons learned from the May Connectathon and incorporate them into the Draft Outline Implementation Guide
- A Technical sub-workgroup was formed that is working on necessary technical components as we continue working towards future Connectathons
 - Expand upon the use of Certificates, Tokens, Authentication, and Dynamic Registration
- We expect to have our next Connectathon over the summer (exact date is TBD)

Policy Workgroup Update

- Working towards completion of 1st draft of Policy components for the Implementation Guide
- Draft will be released by end of week
- A comment period will follow
- 2-3 weeks of updates will subsequently occur then we'll see where that takes us

Implementation Guide Updates Workgroup

- Query Based Document Exchange Enhancements
 - Advancing Patient Queries
 - Reviewed the previous workgroup's recommendation to add references within the IG that cite: The CARIN Code of Conduct and the Model Privacy Notice
 - Drafting and review of proposed Implementation Guide Update Language

Push Notifications Workgroup

- Current discussion topics:
 - Technical Workgroup
 - Notification system design
 - Notification Generator to Subscription Service Communication
 - Subscription Service to Subscription Service Communication
 - Upcoming: Consent Management
